

There are currently a number of Bridging Programs for internationally-educated physiotherapists operating in Canada. Many of these programs are also open to Canadian-educated candidates looking to brush up on particular exam-writing and clinical skills.

For more information on curriculum, eligibility, enrollment and fees, please refer to their websites:

- [Ontario Internationally Educated Physical Therapy Bridging \(OIEPB\) Program](#) at the University of Toronto (English)
- [Alberta Internationally Educated Physiotherapists Bridging Program](#) at the University of Alberta (English)
- [Internationally Educated Physiotherapists Exam Preparation](#) at the University of British Columbia (English).

Bridging programs for candidates wishing to practise in Quebec:

- [Physiotherapy Equivalency Program](#) at McGill University (English)
- [Programme de qualification professionnelle en physiothérapie](#) at the Université de Montréal (French).
